I'm sorry when I typed that my mind was going 100 mph in a 65 mph zone and the person I meant was Christina L. Freindlich.

Tami I'm going to forward this to Kimberly Williams who has been working on our agenda and she can furnish you the names and organizations as well as time that is available. Thank you so much for your help.

Good Afternoon Mr. Tilden,
Yes, I remember you. For your visit next week I would like to ask for some additional information.

First, it would be helpful to know who will be traveling next week to DC. Specifically, names and organizations they are representing.

Second, in regards to your concerns about offshore drilling, I am assuming you are referring to potential oil and gas exploration activities in State and Federal waters? Is there anything specific you would like to discuss? We want to ensure we have the right EPA leaders at the meeting.

Thanks!
Tami

Hi Tami this is Tom Tilden from the Curyung Tribe in Dillingham Alaska. I had been in contact with you regarding the EPA administrators visit to Alaska last year.

I know that this is short notice but a group of us is coming to DC next week to meet with some folks there and we were wondering if we could have a short meeting with some folks on the offshore issue and the Pebble Mine? I sent a request to Jodi Gillette and Frances as well.
